

# Mukwonago Area School District

## Parent Device Recommendations

*"Building Better Schools Together"*

Mukwonago Area School District offers a BYOD (Bring Your Own Device) program and although students in grades 7-12 are not required to bring a device to school, they are allowed to. As such, we are pleased to pass along technology purchasing guidelines and our district-member savings through Dell.

### ***Shop Dell as a District Member***

- Reference the Mukwonago Area School District Member ID# **SS41703257**
- Shop the website - <http://www.dell.com/MPP/MukwonagoAreaSD>
- Shop Monthly Specials: <https://internal.masd.k12.wi.us/cms/ts/DellCurrentMemberSpecial.pdf>
- Shop with assistance via phone - 1-800-695-8133

### ***Hardware Recommendations***

- Internet-ready mobile device
- [Dell 11" Chromebook](#) (minimum 4GB RAM)
- [Dell Windows laptops](#) (Intel processors, 8-12GB RAM, 1<sup>st</sup> choice solid state hard drives; 2<sup>nd</sup> choice SATA drives at 7200 RPM, not 5400 RPM)
- External/physical keyboard
- Wireless – 802.11 n or 802.11 ac
- Warranty to cover the life of the device (3-4 years)

### ***Software Recommendations***

- MASD focuses on using Google Apps for Education via the Internet so there are no other software requirements at this time

### ***Things to Consider if Bringing Devices to School***

- Security: Clearly label all devices
- Cases: Protective cases can help prevent accidental damage
- Be aware of: [Acceptable Use Policy](#) | [Technology Forms & Policies](#) | [Internet Safety Resources](#)
- Bring device fully charged

### ***Mukwonago Area School District's Technology Vision***

Students and staff will enhance, expand, and transform learning by utilizing technology and leveraging information literacy to meet the challenges and opportunities of our continually changing world.
